COMMENT IS VIOLENT

U. S. Officials Fear Another
Ship May Be Sunk Before Ber-
lin Decides on Its Course

BRYAN ARRIVES IN CAPITAL

LONDON, April 21.—The American note to Germany was handed in at the German foreign office Thursday evening by James W. Gerard, the American ambassador, according to the Exchange Telegraph's Amsterdam correspondent.

The chancellor, the correspondent adds, has not yet seen the note, as he is at army headquarters but he has communicated with the foreign office by telephone.

There is little comment in the German newspapers as yet, but what there is is violent against the American cabinet and president. The Berlin papers will publish the text of the note Friday morning. A majority of the papers say they will withhold comment until the text is published. The foreign office has ordered the press both of Berlin and the provinces to exercise the greatest care in expressing views on the American situation.

Fear Ship May Be Sunk.

WASHINGTON, April 20.—While the United States waits for Germany to reply to the note demanding the immediate abandonment of present methods of conducting submarine warfare one of the chief sources of concern here is the possibility of another attack on a peaceful ship carrying Americans before the Berlin government has determined upon its course. In such an event it is admitted that an immediate rupture could be prevented only by proof that Germany had been unable to communicate with her submarine commanders. In explaining the demand of the United States today officials said that while abandonment of the present illegal methods at once was essential to the continuance of diplomatic relations the United States might agree to German submarines operating under the strict restriction of cruiser warfare. It was emphatically reiterated, however, that a discussion of that phase would not be entered into until the present campaign was brought to a stop. The United States stands firm in its determination not to tolerate the unlawful and inhuman sinking of another ship.

Cruiser warfare such as would be regarded as legal by the American government would make imperative the exercise of the right of visit and search, the passengers and crews being accorded a degree of safety considered adequate. The mere placing of passengers and crews in small boats far from land and in dangerous seas would not meet the requirements.

Has Not Worked Satisfactorily.

The Mediterranean plan of warfare as announced in the German memorandum of January 7th, to the United States has not worked satisfactorily, administration officials consider. It is held that in many instances submarine commanders operating in the Mediterranean have disregarded the understanding in letter and in spirit. Count Von Bernstorff, the German ambassador, is understood to have suggested to the government that it issue a new declaration applying to all submarine operations similar to that covering the campaign in the Mediterranean. The ambassador called at the state department today and had a twenty five minute conference with Secretary Lansing. Mr. Lansing listened with much interest to the suggestions made by Count Von Bernstorff, which he understood the ambassador was ready to make to his own government for its guidance in framing a reply to the American note. The secretary, however, was not disposed to accept the views expressed by the ambassador as being official. He was described authoritatively as being inclined to regard them as the ambassador's own opinions and informative of the latter's desire to prevent a break between his country and the United States.

The president, having laid down the condition that there must be an abandonment of the present submarine methods, Secretary Lansing takes the view that there must be a direct and formal response from the German government itself before there can be a discussion of the various phases of the subject or of any alternative provision short of a compliance with the American demands.

As a result of his conference

FOUR OUT FOR G. O. P. STATE CHAIRMANSHIP

FIGHT OVER ORGANIZATION MAY
RESULT IN DEADLOCK

State Convention Will Be Called to
Order this Morning—Plan Most
Favored is to Endorse Sherman
and Adjourn Until After the Sep-
tember Primaries.

Peoria, Ill., April 20.—A fight over the organization of the new Republican state committee which may result in a deadlock developed tonight as a preliminary to the adoption of a program for the Republican state convention to be held here tomorrow.

Four candidates for chairman of the state committee were announced and numerous conferences of the leaders were held without either being able to muster the thirteen votes necessary for election.

Fred E. Sterling of Rockford was put forward as the candidate of Senator Sherman and Frank O. Lowden, who claimed to have enough votes to elect him but this was denied by the other factions.

Former Governor Deneen is backing Chairman Garrett de F. Kinney of Peoria for re-election and ten votes are claimed for him. Mayor W. H. Thompson of Chicago sprung a surprise by bringing out James E. Harley, mayor of Aurora, as a candidate at the last minute which upset the plans of the Sherman and Lowden combination.

Harley has three votes and there is some talk of former Governor Deneen throwing his influence to Harley as a compromise candidate.

Charles P. Hitch of Paris, also is a candidate and claims to have several votes pledged. The state convention will be called to order at 11 o'clock tomorrow morning and the plan most favored is to adopt a resolution endorsing Senator Lawrence Y. Sherman for president and then adjourn until after the September primaries, without nominating the three university trustees, presidential electors and drafting a party platform for the fall campaign.

Medill McCormick of Chicago is slated for temporary chairman and Congressman William B. McKinley of Champaign for permanent chairman of the convention.

John G. Oglesby of Elkhart announced his candidacy for lieutenant governor tonight. One hundred prominent Republicans attended a love feast dinner tonight given by Robert D. Clarke of Peoria.

Senator Sherman in speaking at the dinner said:

"President Wilson may sever this country's diplomatic relations with Germany, but upon what has been presented to congress thus far I will not vote to involve this country in war with a foreign power. I am in favor of cleaning up our back yard in Mexico first."

MAY ORGANIZE CO-OPERATIVE COMPANY TO DISTRIBUTE MILK

Idea, It Is Declared Would Save
\$12,000 A Day in Handling Chi-
cago's Milk Supply

Chicago, April 20.—Possibility of the organization of a co-operative corporation composed of producers and dealers to distribute milk in Chicago, was discussed today while the city health commissioner was seeking to prevent the threatened increase of a cent a quart in the retail price of milk.

The co-operative idea, which was credited to Ira J. Mix, one of the large milk distributors, it was declared would work an economy of \$12,000 daily in handling Chicago's milk supply and would tend to eliminate the middleman from the business.

Discussion of milk prices at a conference called by Health Commissioner Robertson was halted by the refusal of representatives of the Bowman dairy company to enter the conference on the ground that the federal laws prohibited the fixing of milk prices by a combination of competitors.

Publication of a list of dealers who would sell pure milk at the eight cent price was promised by the health commissioner as a step in opposition to the announcement that the Borden Milk company would charge nine cents a quart for milk.

RE-ELECT MRS. TRUEBLOOD HEAD OF MISSIONARY ASSOCIATION

DECATUR, Ill., April 20.—Mrs. H. W. Trueblood of Quincy was re-elected president of the Northern Illinois branch, Women's Missionary association of the United Brethren churches at the closing session of the division here today. Other officers named were:

First vice president—Mrs. V. W. Overton, Bloomington.
Second vice president—Mrs. B. Lee Towles, Sterling.
Third vice president—Mrs. E. L. Kline, Smithfield.
Secretary—Mrs. C. E. Mitchell, Pontiac.
Treasurer—Mrs. B. M. Spade, Springfield.
Secretary of thanks offerings—Mrs. A. F. Mosley, Freeport.
Secretary of Otterbein guild—Mrs. Minnie Nelson, Argentina.
Delegates to national board meeting next year—Mrs. Spade, Springfield; Mrs. Towles, Sterling; Mrs. Georgia Mann, Decatur.

FIXES VALUATION OF I. C. PROPERTY

Supreme Court Gives De-
cision in Suit Brought
By State Auditor

KNOCKS OUT BOND ISSUE

Issue is Invalid Because Ordinance Was Printed in English in a German Newspaper

BISHOP DUNN WINS HIS CASE

SPRINGFIELD, Ill., April 20.—The supreme court today fixed the valuation of the property of the Illinois Central railroad company in 1913 at \$191,020,034.03. The decision was given in the case brought by State Auditor James J. Brady in an effort to compel the road to pay on a greatly increased valuation.

Valuation found by State Auditor was \$365,559,617.23 and by the company \$189,185,593.49.

The state tax rate for 1913 was seventy cents on the \$100 valuation. This would have brought into the state treasury the sum of \$2,558,917.32 in taxes. The Illinois Central road an appeal and in February 1914 the supreme court appointed Judge Paterbaugh, a commissioner, to take evidence. Judge Paterbaugh fixed the valuation at \$117,466,638.94.

Exemptions were asked by the state and finally the supreme court took charge of the case itself.

The opinion, written by Justice Carter, instructs the state auditor to proceed to equalize on the same basis as applies to other state property, taking seventy percent of the aggregate value making the equalized value \$135,714,023.82. One third of the total amount available for taxing purposes for the year 1913 would be \$44,571,341.27.

On the basis of this amount the company must pay into the state treasury seventy cents for every \$100 valuation.

Knocks Out Bond Issue.

The bond issue for a million dollars for a forest preserve in Cook county was knocked out today by the supreme court because the ordinance for the creation of the preserve was printed in the English language in a German newspaper.

William E. Kelly of the Chicago Bar association was disbarred from practice by the supreme court. The court was divided in the disbarment case of William G. Anderson who was charged with unprofessional conduct. Anderson was suspended for two years.

Bishop Edmund M. Dunn of the Peoria diocese of the Roman Catholic church today won his case which was an attempt to restrain the county from building a jail within two hundred feet of St. Joseph's church in the city of Rock Island. The lower court dismissed the bill for injunction. The supreme court holds that the appellee should have been given the right to amend his bill.

Dealing in futures in grain is held to be a form of gambling by the decision of the supreme court in the case of Allen P. Miller, vs. Charles Sincere et al. Suit was brought in the circuit court of Cook county by Miller to recover money paid to Sincere and associates as brokers.

Among other claims made by the defendant was one that the amendment of 1913 to Section 132 of the criminal code is unconstitutional. This reads "the losses incurred in gaming may be recovered."

"Even if this is true," says the court, "the law which the act amends would cover the case. It makes no difference to the community if persons are allowed to gamble at cards or on the weather, or on what the price of grain will be in the future. Legitimate transactions in grain are all right, but mere gambling on futures is another matter."

The circuit court decided against Miller. This judgment is reversed and the cause remanded.

To Release Brooklyn Officials.

City officials of the City of Brooklyn, all colored, will be released from prison as a result of the holding of the supreme court today. The new city administration, the entire population of which is colored, was recently indicted and tried in St. Claire county for the murder of Robert Jackson, the killing growing out of political riots. Trouble occurred when the new administration officials went to the city hall to take charge. The judgment of the lower court is reversed and the cause remanded for trial.

Michael Elliott and Otto Jennings of Decatur, sentenced to 720 days in jail by the county court of Macou county for violation of the local option law will have to serve their sentences. The supreme court reversed the judgment of the appellate court and remanded the case to the circuit court for proper sentencing. Elliott and Jennings made a general attack on the local option law.

The supreme court held the election of Miss Josie Westfall, as judge

HUNDRED DECATUR MERCHANTS PROTEST AGAINST SUNDAY CLOSING

DECATUR, Ill., April 20.—More than 100 Decatur merchants who consider it necessary to do business on Sunday marched in a body to the city council room this morning to protest against an ordinance enforcing Sunday closing of most business places.

The commissioners voted unanimously to repeal the ordinance. A woman florist, who was among the protesters, presented the mayor with a big sheath of roses and sent a big flowering plant to ornament the council room immediately after the action was taken. The ordinance providing for Sunday closing was the result of a clash between union and non-union barbers and arrests were made under its provisions for the first time this week.

COURT SUSTAINS TWO DEMURRERS OF STATE vs. FERGUS' AMENDED BILL

Judge Creighton Holds Allegations
of Bill Do Not Warrant an Ac-
counting or Restitution.

Springfield, Ill., April 20.—Two demurrers of the state to the amended deficiency appropriation bill of John B. Fergus, Chicago taxpayer, were sustained here today in the Sangamon county circuit court by Judge James A. Creighton.

The action of Judge Creighton relieves State Treasurer Andrew Russell and State Auditor James J. Brady of the liability for appropriations paid out of the treasury if approved by the legislature, even though afterward held unconstitutional. Judge Creighton held that the allegations of the bill do not warrant an accounting or restitution.

The court overruled the state's general demurrer which applies to a number of items for which relief is prayed in the bill.

Sweeping denial of allegations made in the amended Fergus injunction suit attacking committee expense bills of the general assembly were made today in the circuit court in answers filed by State Auditor Brady, State Treasurer Russell and Secretary of State Stevenson.

WINTER WHEAT IN ILLINOIS IS SIXTY-THREE PERCENT OF NORMAL

SPRINGFIELD, Ill., April 20.—Winter wheat in Illinois is only 63 per cent of normal according to figures based on the reports of over 300 correspondents in Illinois and made public today by the state board of agriculture.

Forty per cent of the crop planted was killed and the sixty per cent of the sown crop still living is but 63 per cent of being normal according to the board of agriculture's figures. In the southern part of the state, considered the biggest wheat producing portion, the crop is but 54 per cent of normal. The northern part's crop is 74 per cent normal and the central part 60 per cent. "The open winter is responsible for the poor crop this year," said B. M. Davison, secretary of the board.

VOTE TO CALL STRIKE

In the arbitration commission appointed by the department of labor to fix the wage scale to be paid by the government has not announced its findings before that time.

RUSSIAN TROOPS LAND IN FRANCE

"Great Flotilla of Trans-
ports" Arrives in Mar-
seilles' Harbor

GERMANS BOLSTER LINE

Paris States Teutons Bring
Large Forces from Fronts in
Russia, Serbia and Macedonia

FRENCH RETAKE PART TRENCH

The arrival in France of a large number of Russian troops to reinforce the western battle line has brought great joy to the entente allies, where it is hoped that with them fighting shoulder to shoulder at different points with the British, French and Belgians a material change in the situation may shortly develop.

Land Amid Cheering.

How many Russians have been sent across seas by Emperor Nicholas is not known, but what is described as a "great flotilla of transports" arrived in the harbor of Marseilles and almost immediately afterward landed the forces amid the cheering of the populace and the French troops gathered at the quay to greet them and with the roars of salutes.

General Joffre, the French commander-in-chief, in welcoming the Russians in an order of the day, said they were "soldiers chosen from the bravest in the Russian armies and commanded by officers of the highest renown."

Coincidental with the arrival of the Russians comes the statement from Paris that the Germans, owing to the strong resistance of the French at Verdun, are withdrawing large forces from their fronts in Russia, Serbia and Macedonia, and throwing them into this holy contested theater.

French Retake Part of Trench.

Here the French, according to the latest official communication, have delivered an attack near Le Mort Homme, northwest of Verdun, and succeeded in driving the Germans out of portions of a trench previously captured by them.

The Germans admit the entry by the French of German trenches in the Callicote wood, west of Vaux, after a heavy French attack but say that otherwise the attack was repulsed with heavy loss.

Around Ypres the Germans, according to Berlin, attacked and occupied 600 meters of British positions. The British official report, concedes a German gain here but says that except for two craters and one trench, near St. Eloi and on the Ypres-Langemark road the Germans were expelled from all the positions they captured.

In Asiatic Turkey the Russians are giving no rest to the Turks. They have now dislodged them from mountain passes south of Bitlis and pushed forward their forces toward Sghert, which lies ninety miles east of Diarbekr, their objective in the operations which seeks to cut off communication between the north and southern Turkish armies.

Heavy fighting continues in the Tchuruk region, where the Russians are pressing forward in their attempt to capture Baidur and come into contact with their army now occupying Trebizond.

British in Critical Situation.

Constantinople reports that the British troops besieged in Kut-el-Amara are in a critical situation owing to lack of food and have forced the civilian population to evacuate the town.

The usual bombardments are going on along the Austro-Italian front and the Germans are keeping up their rain of shells on the Russian positions at the Iskull bridgehead.

Nothing yet has been heard from Berlin in answer to President Wilson's note demanding that Germany cease her present methods of submarine warfare. The British cabinet crisis over conscription has been ended by agreement.

Announcement Cheers Nation.

London April 20.—The whole nation was surprised and the great majority of the people were cheered by the unexpected announcement after the cabinet meeting this morning that the cabinet deadlock over the question of extending military conscription had been compromised. Thus the country is saved from the anxious days it would have suffered until parliament assembled on Tuesday and from the newspaper controversy which would have raged meantime. The labor party, which was the only political group united against further measures of compulsion is credited with paving the way to the agreement. The leader of the labor party Arthur Henderson, president of the board of education proposed according to

MAKE NO ATTEMPT TO DISPUTE PRINCIPLES

ALLIES PREPARE REPLY TO AMER-
ICAN PROTEST

Answer is Understood to Treat Sub-
jects of Interference With Neu-
tral Trade on a Purely Legal Basis—Reply On Precedents Laid Down by U. S. in the Civil War.

Washington, April 20.—According to authentic information reaching Washington, Great Britain and France in their joint note replying to the American protest against interference with neutral trade make no attempt to dispute principles contended for by the United States but insist that those principles have been given legal interpretation and application by the allies in their blockade of Germany and Austria.

This note which will be handed to the state department within the next day or two by the British and French ambassadors is understood to be long and extremely technical, treating of the whole subject on a purely legal basis and relying largely upon the precedents laid down by the United States in the Civil War. It is said the allies assume that the United States government does not contend that it has the right to ship goods without restriction into Germany of Austria thru contiguous neutral countries such as Holland, Sweden and Denmark.

The concession of the right to blockade an enemy country which is universally recognized is regarded as necessarily carrying with it the right to regulate the admission of goods to the neutral country evidently destined to be transferred to the enemy. Consequently it is contended that it is perfectly within the spirit of the international law to limit imports into a neutral country such as Holland of goods that might be of use to Germany and Austria to the amount normally consumed in the neutral country.

Moreover it is regarded as an incident to the exercise of this right of regulation of imports is the right to search vessels approaching the neutral country. In this connection the allies hold that while in early days it was possible to conduct such a search at sea, conditions of modern sea traffic have made this impossible. Hence it has become necessary to take the neutral ship to the nearest convenient port where the cargo may be examined. This is the explanation offered for the apparent unreasonable diversion of many ships from their regular courses and what has been complained of as an unnecessary delay in search. It was with a view to reducing complaint on this score, it is pointed out that arrangements were made for the German embassy here to advise would-be American shippers whether their cargoes probably would be subject to detention. Another point made by the allies is that the character of ship's papers have changed completely owing to modern commercial methods so that no longer can they be relied upon to supply all the evidence necessary to establish the character of a cargo and its liability to seizure.

RETAIN VON IGEL AND DOCUMENTS**

Attorney is Said to Be Ready to For-
nish State Department with Evi-
dence That Lease for Von Pappen's
Office Were Drawn in the Name
of Von Igel.

New York, April 20.—Notwithstanding the German ambassador's demands for the release of Wolfe von Igel and the return of papers seized at the time of his arrest in the former office here of Captain Franz von Pappen recalled German military attaché, United States attorney V. P. Snowden Marshall, reiterated tonight his determination to retain not only Von Igel but the documents.

Altho Mr. Marshall refused to reveal the basis for his firm stand, it was learned from other federal officers that he was fully prepared to furnish the state department with evidence to prove that the lease for the Von Pappen offices, the point upon which the entire controversy hinges, was drawn in the name of Von Igel.

Von Igel, the United States attorney contends, was not a member of Ambassador Bernstorff's official family until December 1915, and he doubts if he can be classified as a member even after that period. The lease of the offices, federal officers state, was made out by Von Igel during the time that he had no official connection with the German embassy.

PRESIDENT AWAITS REPORT FROM SCOTT

Negotiations With Car-

at a Standstill

HALT PURSUIT OF VILLA

General Pershing is Holding His
Forces in What Practically
is a Defensive Position

FUNSTON FORWARDS REPORT

WASHINGTON, April 20.—Diplomatic negotiations with General Carranza as well as the pursuit of Villa by the American soldiers apparently are at a standstill while President Wilson awaits full advice as to the military problems the troops have encountered in Mexico. With the arrival of Major General Hugh L. Scott, chief of staff, in San Antonio tomorrow night to consult with General Funston the information sought by Secretary Baker will begin to come forward by wire. Since the question of distance and necessary brevity of wire reports, however, prompted the secretary in dispatching his chief adviser, it is improbable that any important step will be taken by the cabinet tomorrow or until General Scott returns.

Baker Suggests Plan.

Mr. Baker explained today that he himself had suggested the plan of sending General Scott at conference with that officer and Assistant General Bliss the night before the order was given. In weighing the situation on the border, he said, the inadequacy of the telegraphic reports received and the lack of knowledge of local conditions surrounding the forces on the border and in Mexico was so apparent that it seemed desirable that an effort be made to ascertain by personal consultation the full views of General Funston and all of the information he has. The suggestion was approved by both officers.

Additional reports from General Pershing, outlined in border advice today, probably will be ready for consideration by the cabinet tomorrow. As the last meeting of the president's official advisers was devoted at most wholly to the German situation it seems probable the Mexican problem will be fully reviewed by the cabinet then for the first time since General Carranza urged the withdrawal of the expedition.

The diplomatic situation showed no change during the day, altho it became known that the United States already had acknowledged Carranza's not asking that negotiations for the withdrawal of the American troops be taken up. No additional advice came to the reported death of Villa altho Mexico City advices last night renewed speculation on this subject. No steps have been taken by the Washington government to investigate the matter.

Holds Force in Defensive Position.

San Antonio, Texas, April 20.—While Maj. Gen. H. L. Scott, chief of staff, is hurrying to the border as a personal envoy of Secretary of War Baker, General Pershing is holding his forces in Mexico in what practically is a defensive position.

No developments of great importance were mentioned in reports received today at General Funston's headquarters and it was evident that the pursuit of Villa had been halted. Unofficial reports were that Villa had made his way south into Durango, altho official Mexican advices continued to indicate that officials at the war department in Mexico City yet gave some credence to the story that his wounds at some point south of Cusuhiriachic.

General Funston forwarded to the war department another long report from Gen. Pershing on general conditions in that part of the country thru which his troops have moved. This and other reports have been sent to Washington as soon as received and army officers here declare that Secretary Baker is well informed on the developments about Parral and other places where the troops have gone and on the relations that exist between them and the Mexicans both civilian and military.

General Funston did not make public the facts contained in General Pershing's report received today other than to say that it pictured a state of frightful destitution of the country and reflected the apathy of the people toward the American forces.

For President

L. Y. SHERMAN.

For Governor

ANDREW RUSSEL.

Strong for Sherman in 21st District.

Republicans from the twenty-first congressional district at their convention in Springfield gave a strong endorsement to Senator L. Y. Sherman and in various ways gave evidence of a get together spirit. A great deal of bitterness was manifested in the twenty-first congressional district in the campaign leading up to the recent primary election, but the spirit shown at the convention Thursday indicated that these differences are to be forgotten and that Republicans of the district are thoroughly in earnest over their plan to enter the campaign this fall with an undivided front.

Germany Will Let Dye Stuffs Come.

Probably the German government's final reply to the United States' request that a large shipment of dye stuffs to American textile manufacturers be released was not especially timed to arrive when the relations between the two countries were otherwise strained, but its receipt yesterday was tactfully timed.

According to the note delivered by Count Von Bernstorff, Germany will permit the exportation of 15,000 tons of dye stuffs, the exception to be made only with the proviso that these dye stuffs shall not be re-exported to Great Britain or her allies. This favorable action on the part of Germany will have the general effect of creating a kindly feeling toward Germany in quarters where such feeling has previously been absent. The incident at this time will also serve to impress the idea that the Imperial Government does not desire a diplomatic break with this country.

Women Can Vote for President.

The question as to whether or not women can vote for presidential electors, and consequently for the president at the November election, is frequently asked and answered. Because of the supreme court decision that women cannot vote for delegates to presidential conventions some confusion on this subject has resulted. There is no doubt about it, Illinois women can vote for president. The statute of 1913 which gave them this right is in language as follows:

Be It Enacted by the People of the State of Illinois, Represented in the General Assembly: That all women, citizens of the United States, above the age of 21 years, having resided in the state one year, in the

TOMORROW

Perhaps there'll be sunshine tomorrow; today things are dismal and grim; my cup and my saucer of sorrow are bitter and full to the brim. What comfort a fellow can borrow, when life seems depressing and gray, by setting his hat that tomorrow will be quite a change from today. Today is sloopy and muddy today there is water to burn, and I'm growching here in my study using such language as "darn". The rain, it is sobbing and swishing, the mind sounders by with a moan; and I, who had planned to go fishing, look out at the climate and groan. I weep as I empty the chalice of bitterness, down to its dregs; for I went fishing, with malice rheumatics would camp in my legs. But there will be sunshine tomorrow, the skies will be glittering blue. There's nothing as transient as sorrow, when once we remark to it "Shoo!"

DATES IN ILLINOIS HISTORY.

April 21, 1722.—The superior council of Louisiana issued a scale of prices for the army canteen and store.

county ninety days and in the election district thirty days next preceding any election therein, shall be allowed to vote at such election for presidential electors, members of the state board of equalization, clerk of the Appellate Court, county collector, county surveyor, members of the board of assessors, members of the board of review, sanitary district trustees and for all officers of cities, villages and towns (except police magistrates), and upon all questions or propositions submitted to a vote of the electors of such municipalities or other political divisions of this state.

Looking Forward in School Affairs

The decision of the Illinois supreme court in upholding the general assembly law which invalidated the Jacksonville school charter was given yesterday. This means that the Jacksonville schools must now be operated under the general law. The decision is very gratifying to many people who are thoroughly interested in educational affairs. It is displeasing to a considerable number of other people who are also interested in the schools.

But there is no use discussing these differences of opinion now, the legislative act has been declared constitutional by the highest court in the state and the schools must operate under the general law. The past makes no difference, it is the future with which the people here are all concerned. And the duty which now confronts is to speedily choose a board of education competent to handle school affairs and thoroughly imbued with the large responsibilities which membership in a school board entails.

Under the general law members of the board of education serve without salary. Membership in the board is accounted an honorable position, just as the trusteeship of a college or other educational institution. There are many men and women in Jacksonville who are well qualified for the work and if their names are suggested for board membership they should be willing to undertake the task and to devote their best thought to the school system.

In the selection of such a board of education and its president, the people should not be actuated by anything which has occurred in the past. Personal animosity should have no place, and just because the old board was divided into factions, there is no sense in making those same factional differences the basis of membership in the new board. The only question in connection with the new board is competency. Who will be the school officers and teachers are questions for after consideration. This very scruple has been one of the most valid objections against a small board, chosen on a ward basis. The good of the school system demands a change in this regard.

Let us hope that when men or women are elected for the new board that they can enter upon their duties without any special bias—without having their minds made up as to just what course they will pursue other than having the firmly established ideal of making the Jacksonville school system the very best possible with the funds available for expenditure.

BREAD ON THE WATERS.

The Chicago Post gives the following interesting figures based upon estimates made by the New York World with reference to contributions made to European war sufferers by the people of the United States: Commission for relief in Belgium\$7,363,326 Jewish relief committees. 5,599,000 Various organizations and committee for relief in Germany, Austria-Hungary and allied nations. 5,000,000 American Red Cross society1,504,812 American Polish relief commission1,000,000 American Ambulance Hospital in Paris750,000 Committee of mercy734,000 American commission for Armenian relief450,000 Serbian relief commission of America253,743 Vacation war relief committee242,227 National allied relief committee183,197 Secours national fund .. 165,000 Prince of Wales national relief fund158,923 Lafayette fund130,735 Committee for men blinded in battle55,321 American committee for training in suitable trades the named soldiers of France41,811 British War Relief association, Inc40,000 Franco-American committee for the protection of children of the frontier Ukrainian Federation of the United States40,000 American fund for French wounded26,572 Relief fund for families of French soldier-artists .. 20,675

We should say that this table was incomplete rather than inaccurate. It cannot keep up with the constant flow of money from a thousand minor sources.

Nor is its total of some \$25,000,000 at all imposing, when we consider that before the war Americans traveling in Europe were credited with spending from \$300,000,000 to \$500,000,000 a year.

Yet, despite this fact, we count that \$25,000,000 as one of the soundest investments as well as the best deeds of mercy that American history holds.

We may be disliked by all nations in the war, but underneath their dislike must run the softening knowledge that, after all, we took upon our shoulders, freely and voluntarily, the duty of lightening some of the bloody burdens of war. We looked after blind soldiers and sick women and little orphans. We did it, asking no praise for it, simply our humble contribution to the duty of undoing war's horrors.

But as the years pass we are going to find that in our foreign relief we have cast bread upon the waters, to be returned to us a thousandfold.

WOMAN'S BAPTIST SOCIETY MEETS THURSDAY IN WAVERLY

Jacksonville Women Attend Gathering of Morgan and Scott County Missionary Organization—Officers Elected.

A number of members of First Baptist church were in Waverly Thursday to attend the semi-annual sessions of the Baptist Woman's Missionary society of Morgan and Scott counties. Profitable sessions were held both Thursday morning and afternoon. At the business meeting Mrs. Burnett of Waverly was elected president; Mrs. Jerry Cox, vice president, and Miss Mabel Goltra, secretary. Mrs. Joseph Jackson, retiring president, was in the chair and Mrs. Percy W. Stephens led a discussion Thursday forenoon on "Why so few women of the church are members of missionary societies." Mrs. Murry of Litchberry, Mrs. Joseph Jackson and Mrs. A. B. Williamson took part in the discussion which was followed by a reading by Miss Mabel Goltra, "The Resurrection of a Dead Society."

The conference was surprised by a visit from the state president, Mrs. Grace Topping of Elgin, and Mrs. Milton Shirk, secretary of foreign missions for the state. Altho unexpected, these visits were none the less appreciated by the members of the societies. Mrs. F. C. Fulmer of Indianapolis, field secretary of the American Baptist Woman's Missionary society, was a speaker, giving an excellent address on personal responsibility. Mrs. W. A. Barrow and Mrs. J. H. Shutt of Waverly gave a duet number. Mrs. Shirk returned to Jacksonville and Mrs. Topping expected to proceed to Alton to attend a conference there.

In addition to the women from Jacksonville already mentioned, there were present Mrs. E. O. Mayer, Mrs. Goltra, Mrs. I. C. Holman, Mrs. Luther Smith and Miss Elizabeth Long.

MRS. J. T. TURLEY IS DEAD AT HOME AFTER BRIEF ILLNESS

Passes Away Thursday Afternoon at 5:20 O'clock—Suffered Attack of Pneumonia a Week Ago—Funeral Saturday Forenoon.

Mrs. Artimintia Divver Turley died Thursday evening at 5:20 o'clock at her home, 326 West North street, after a brief illness with pneumonia. She was stricken just a week ago and the advanced age made her the more subject to the disease it was not until the first of the present week that hope of recovery was virtually abandoned. Unassuming in all her ways Mrs. Turley lived a faithful Christian life and thru years of usefulness and quiet devotion formed many friendships at once sincere and lasting. Mrs. Turley was born in McCutcheonville O., June 3, 1843, and hence at the time of death was in her 73rd year. On her seventieth birthday, Mrs. Turley penned a brief sketch suitable for obituary announcement and in this she tells of a trip in the early 50's by covered wagon from the Ohio home to Warren county, Ind., where she resided for a time before coming to Morgan county. It was in 1865 that Mrs. Turley came to this county. In 1870 she was married to James Thomas Turley. Mr. and Mrs. Turley resided on a farm three and a half miles west of Arcadia until 1893 when they removed to Jacksonville.

Mrs. Turley was a staunch member of Central Christian church and her life and deeds were in full accord with her profession of faith.

The father, John Divver, and the mother, Mrs. Clarissa Henderson Divver have long since preceded Mrs. Turley in death, as have four sisters, Mrs. Angeline Henderson, Mrs. Mary Young, Mrs. Rose White, Mrs. Jennie Smith and a son, Arthur L. Turley, who passed away Sept. 10, 1895. The children surviving are Maude, wife of John Jordan, Jacksonville; Frank Turley of Spokane, Wash.; Miss Blanche Turley of this city and Roland Turley of Hayden, Ariz. The living brothers and sisters are Joseph Divver of Arenzville, Mrs. Elizabeth Stigall of Springfield and Mrs. Louise Conover of Ashland. Twelve grandchildren also survive.

The funeral will be held Saturday forenoon at 9 o'clock at the residence, 326 West North street, in charge of the Rev. Myron L. Pontius, pastor of Central Christian church. Burial at Arcadia cemetery will be preceded by a short service at Arcadia church.

An Old Aphorism

Early to bed and early to rise,
Makes a man healthy, wealthy, and wise.

But to try this plan and nothing more,
Would make a farce of this metaphor.

For if you'd be healthy you must eat,
A liberal diet of good, fresh meat.

Your health is essential to wisdom and wealth,
Which makes every man consider himself

When it comes to the kind of meat; and plan

To get it fresh from the Butcher Man.

DORWART'S MARKET

GERMANY TO PERMIT EXPORTATION OF SHIPMENT OF DYE STUFFS

Notification is Contained in Note Delivered by Count Von Bernstorff to Secretary Lansing.

Washington, April 20.—The German government has agreed to permit exportation to the United States of 15,000 tons of dyestuffs, lack of which has seriously affected American textile manufacturers. Notification to this effect was contained in a note delivered today by Count Von Bernstorff, the German ambassador, to Secretary Lansing. The communication explains that while Germany refused at first to permit exportation of dyestuffs unless they be exchanged for American goods, now excluded from Germany by the blockade, after careful consideration of the situation it has seen "that this blockade has resulted in serious embarrassment to those American industries which are in need of dyestuffs," and the imperial German government now is prepared to make "a single exception" in permitting exportation in this instance. It is required only that the dyestuffs shall be consumed by American manufacturers and not re-exported to Great Britain or her allies.

It is expected the state department immediately will make representations to Great Britain to insure the safe arrival of the dyestuffs in this country. The concession made by Germany is the result of a long series of negotiations between the state department and the German embassy. Small quantities of dyestuffs have from time to time been released by Germany for the use of the United States bureau of engraving and printing. This is the first large shipment for commercial purposes which has been permitted.

GERMAN MINISTER TO MEXICO

CONFERS WITH GEN. CARRANZA

MEXICO CITY, April 20.—Herr Von Erhardt, German minister to Mexico had two long conferences today with General Venustiano Carranza, head of the de facto government at the national palace. The first conference was held in the forenoon and lasted the greater part of an hour. In the afternoon the minister returned for a longer private conference. Neither at the palace nor at German embassy could any information be obtained as to what transpired at the conferences. The German minister said his visits to the first chief had no significance, being merely calls of courtesy.

NEWARK READY FOR BIG CELEBRATION

Newark, N. J., Apr. 20.—The celebration of Newark's 250th anniversary, for which the city has been preparing for the past year, will open with a bang on May 1. From that day until late in the autumn, there will be conducted a series of events that will cover the range of human accomplishment. All of the residents will have opportunity to take part, and the programme is so varied and extensive that it is believed that nearly every patriotic citizen will have something to do with the giant celebration.

The first event on the programme is scheduled for 8 o'clock in the morning of May 1. Salutes and music will announce that Newark's festivities are begun. The military will parade in the forenoon, and historic exercises will take place that afternoon. Bishop Lines of the Newark Episcopal diocese, former Governor Franklin Murphy, Mayor Raymond and Governor Fielder will be among the speakers.

Judge Francis J. Swayze of the State Supreme Court will deliver an historical address, and the formal exercises will be brought to a close by a benediction by Bishop John J. O'Connor of the Roman Catholic Church.

The next big event will be held on May 17, Founders' Day, when the descendants of the original founders of the settlement will be guests of honor. A monument at the Puritan landing place will be dedicated during the celebration.

A program of sports will be open on May 4 and extend each week until September, covering all departments of sport.

GUILTY OF MURDER

COMPLETE ARRANGEMENTS FOR DEMOCRATIC STATE CONVENTION

SPRINGFIELD, Ill., April 20.—Arrangements are completed for the Democratic state convention which will meet at noon tomorrow in the state arsenal. State Chairman Arthur W. Charles of Carmi, former national Chairman Roger Sullivan of Chicago and delegates and party leaders from all over the state are in the city.

The newly elected state committee will assemble at ten o'clock tomorrow morning to elect officers. Chairman Charles, Secretary Isaac Craig of Mattoon and Treasurer Ernest Hoover of Taylorville, will, it is expected be re-elected officers of the state committee.

Attorney General Lucey will probably be named temporary chairman of the convention. District committee meetings will be held at 11 o'clock to name candidates on various committees.

The convention will likely adjourn late in the day.

RETURNS STILL LEAVE BRYAN'S CONTEST FOR DELEGATE IN DOUBT

OMAHA, Neb., April 20.—Returns tonight on Tuesday's preferential primary from more than a third of the voting precincts of the state still leave in doubt the contest of William Jennings Bryan for delegate at large to the Democratic National convention. The latest returns place Bryan sixth on the list of seven candidates, four of whom will be elected. The latest returns give Henry Ford a lead of 1,000 over Senator Albert B. Cummins for the Republican presidential nomination.

Charles E. Hughes is third.

ENTERS INTO AGREEMENT TO BLOW UP PLANT; IS ARRESTED

NEW YORK, April 20.—A man described as Harry L. Newton, an expert mechanic and a native born American, was arrested today by the police who declared that he had entered into an agreement with a supposed German, in reality a detective, to blow up a munitions plant at Dunkirk, N. Y., and had offered to do other work of similar character.

To the supposed German to whom he made his proposition Newton showed, the detective said, plans of several munitions factories including the one at Dunkirk, N. Y., that of the Brooks Manufacturing company. He is alleged to have said that he was familiar with the manufacture of time bombs and had arranged to return to Buffalo tomorrow to procure an explosive and thence to go to Dunkirk to blow up the plant.

YOUTH IS GIVEN THIRTY-FIVE YEAR TERM ON MURDER CHARGE

CHICAGO, April 20.—Daniel Riley, 18 years old, was sentenced to 35 years imprisonment by a criminal court jury today for the murder of John Mozier, shot to death during a robbery in his saloon. Riley was tried about two months ago, a verdict of guilty carrying with it punishment of fourteen years imprisonment, the lightest penalty possible for the crime charged. The trial judge excoriated the jurors for their leniency. A motion for a new trial was made by Riley's lawyers which later they tried to have dismissed.

URGES BELLIGERENTS TO CONSIDER PEACE TERMS

Washington, April 20.—Senator Newlands today introduced a resolution urging the belligerents to consider terms on which peace might be made. It declares that the declared purpose of the war—the punishment of Serbia for intrigues against one of the Teutonic allies, has been accomplished and that in the war which has resulted from a small commencement the Teutonic allies have won on land while the entente allies have won on the sea.

MAGEE HAS WRIST FRACTURE

Boston, April 20.—An X-ray examination of Sherwood Magee's left forearm showed that the Boston National left fielder suffered a wrist fracture in the game yesterday at Philadelphia. Magee was hit by a ball pitched by Bender in the ninth inning. He will be out of the game for at least a month.

BELIEVE TORNADO DEATH ROLL WILL NOT EXCEED TWENTY

Crippled Wire Communication Makes It Difficult to Assemble Complete Details of Damages.

Kansas City, Mo., April 20.—Crippled wire communication today made it difficult to assemble complete details of the damage done by the cyclonic storms in Eastern Kansas and Western Missouri last night but it was believed the total death roll of twenty, reported up to noon, would not be increased. Hundreds were injured, many seriously.

Rains today in the storm swept areas marked the passing of the tornado disturbance at least temporarily, in the opinion of weather bureau officials.

Anxiety was felt tonight for the safety of Stover, in Morgan county, Missouri. The town was cut off from the outside world tonight.

Property damage altho not permitting accurate estimate, was believed to amount to close to three quarters of a million dollars.

Report no Additional Deaths. Topeka, Kans., April 20.—No reports of additional reports of deaths or destruction from yesterday's wind storms in Kansas had been received here tonight and the number of dead remained at seven. The property loss in the state was expected to be more than \$100,000.

ORDERS ROADS TO CUT CHARGE FOR CLEANING STOCK CARS

SPRINGFIELD, Ill., April 20.—The public utilities commission announced today that all railroads in Illinois had been ordered to cut the charge for cleaning stock cars from \$2 for single deck cars to 75 cents and from \$4 for double deck cars to \$1.25. The order that all cars must be cleaned and disinfected was issued by the state board of livestock commissioners during the foot and mouth disease epidemic. Shippers protested to the commission that the railroads were charging exorbitantly for supplying cleaned and disinfected cars.

HIGHER LEVEES FOR ILLINOIS RIVER RECOMMENDED

St. Louis, April 20.—Higher levees to control floods, conserve agriculture in the bottom lands and preserve fisheries, are advocated for the Illinois river by the Illinois Rivers and Lakes commission.

These recommendations are embodied in a report by John W. Alvord and Charles B. Burdick, engineers. This report urged that levees be built three feet higher than a great flood stage, assuming this to be the flood stage of 1844. This would raise the height of the levees two to three feet.

The commission found that once in fifty years there will be a flood 35 per cent higher than the flood of 1904.

The cost of making the improvement is estimated at \$2,582,000. The construction of additional levees would bring the cost to \$8,154,000.

The present farm levees are considered a menace in that they restrict the flood water channel, and are so low that they are likely to be over-topped by a great flood.

YACHTSMEN MAY LOSE FLAG PRIVILEGE

Washington, Apr. 20.—Secretary McAdoo of the Treasury Department is not only convinced that no American ship should fly anything but the American ensign at the stern—the point at which vessels of all nations display their nationality—but he wants to take away privileges that were granted three-quarters of a century ago to yacht owners, and to make it a misdemeanor to fly on the after-part of a vessel anything but the regulation Stars and Stripes. Secretary Daniels takes practically the same position, altho the Department of Commerce favors the power squadron's use of a distinctive flag. It is not impossible, it is said, that as a result of agitation by the United States Power Squadrons to fly a distinctive flag, Congress may wipe out all special flag privileges and compel every American vessel, no matter what type, to indicate its nationality.

The power-boat owners designed a flag for which it seeks government sanction. It contains an anchor surrounded by stars, in the field. The Coast Guard officials claim it is very similar to the distinctive flag of that service.

Yachts were made an exception to the rule of flying the national flag at the stern, by an act of Congress in 1849. They were then given the right to fly a distinctive flag, in return for which naval architects and designers were to have the privilege of examining and copying yacht models, if they wanted to. But even this permission did not specify that the distinctive flag was to be displayed at the stern. However, the yacht flag so closely resembles the national ensign that in course of time it became customary to fly it aft, and that custom prevails today, so that American yachts are the single exception to the general rule of the sea.

RIVER RISES SLOWLY

Quincy, Ill., April 20.—The crest of the present high stage of the Mississippi is expected here tonight. The stage at 7 o'clock this evening was 15.8 feet and it is not expected to go beyond 16 feet. The rise has been slow all day. Outside of delaying farm work there has been no serious damage.

CARD OF THANKS.

We thank our neighbors and friends for their kindness and beautiful flowers sent during the illness and after the death of our baby.

Mr. and Mrs. William Johnson.

GERARD DELIVERS AMERICAN NOTE

(Continued from page one.)

Count Von Bernstorff sent another communication to his government this evening. It was made clear at the German embassy later that the ambassador did not expect to call on Secretary Lansing again until after his government had made formal reply to the American note. Just how long the United States is waiting to wait for the German reply has not been disclosed. All officials agree that a "reasonable time will be allowed."

Lead Despatches With Interest. Press despatches announcing that the note had arrived in Berlin were read with much interest but no official word of the delivery of the communication had been received from Ambassador Gerard.

The fact that a series of religious holidays which are scrupulously observed in the German empire begin tomorrow, Good Friday to continue until next Tuesday has been suggested as a possible source of delay on the part of the German foreign office.

Washington was deluged with telegrams during the day. Great numbers which arrived at the white house congratulated President Wilson for his stand. Congressmen representing districts with large German populations received hundreds of messages from individuals and organizations protesting against any action by congress which might lead to war between the United States and Germany.

Bryan in Washington. William Jennings Bryan, former secretary of state, who resigned because he thought the president's policy in the Lusitania case was leading to war, came to Washington today. Representatives Bailey of Pennsylvania and Calloway of Texas met him at the station and had luncheon with him. He did not disclose his plans, but said, he had come to render any aid possible to prevent trouble between the United States and Germany.

"I am hoping for two things in this present grave situation," he said. "First, that Germany will accede to the position of the United States, second, that if she does not diplomatic relations will continue with a view to reaching an amicable settlement of the trouble."

"We must remember that there is nothing final between friends. A rupture between this country and Germany would indeed be unfortunate. If this dispute should end in war it would be unspeakable."

"We are going to work to preserve peace if possible. Our plans are tentative and I cannot discuss them at this time."

Tonight Mr. Bryan attended a testimonial dinner given to the widow of Joseph Fels, of Philadelphia, founder of a fund for the promotion of the single tax doctrine. He was so hoarse that he spoke with difficulty and explained that he had caught cold as a result of having his hair cut while in the west.

CHICAGO'S OLDEST SCHOOL TEACHER DIES WHILE SEATED IN HER AUTO

CHICAGO, April 20.—Miss Harriet N. Winchell, Chicago's oldest school teacher, died at a late hour last night while seated in her automobile in front of her home here. Miss Winchell, who was 79 years old, started teaching when 19 and had served in Chicago schools continuously since that time. Forty-four of her fifty-one years of service were spent as principal of the Samuel J. Tilden school. It is said that no less than 75,000 children received their early education under her direct supervision.

BURLINGTON TO EXTEND SHOPS

Burlington, Iowa, April 20.—Superintendent of Motive Power F. A. Torrey of the Burlington system announced this evening that the Burlington road would expend immediately \$1,309,000 for the extension of the railroad shops at West Burlington, work to begin next week. The new shops mean an increase of 600 employees. It is said that this extension will make the shops at West Burlington the largest in America.

WHITE HALL.

Miss Edna Reamer Vosseller of White Hall and Wm. Leo Erb of Gothenberg, Nebraska were married April 8. They will be at home at Billings Montana after June 1st. Miss Vosseller had been teaching at Gothenberg.

Louis Withrow, formerly of White Hall and Miss Ruth Edgerton of Westfield, Mass., were married at the home of the bride recently. They will reside at Manilla, Iowa, where Mr. Withrow is employed as baggageman on C. M. & St. P. road.

The bride was graduated from college last summer.

I. C. Burbridge suffered a paralytic stroke recently.

Mrs. Eunice Dunn has returned from a visit with her son Paul in Chicago.

Mrs. Lynn Vermillion and children are expected to arrive here soon and spend a couple of months. Mrs. Vermillion was formerly Miss Grace Campbell.

Isaac Lytle reports that he has gained considerable while in the hospital in Jacksonville and is doing nicely. He expects to be there for some time.

Mr. and Mrs. S. N. Griswold went to St. Louis last week.

Mr. Sampson talked over an hour giving facts and figures showing the advisability of voting against a municipal plant.

A splendid program of moving pictures followed.

reports a further trial of voluntary enlistment with the promise that the laborites would consent to a gradual extension of conscription if it proved necessary to secure the number of men which the military authorities consider essential.

The labor members together with others demanded that they be informed on the exact position—what number of men had already been enrolled and pledged—how many the war requires to enlarge the army and replace the wastage by casualties and other causes. Consequently a secret session of both houses will be convened Tuesday, at which the government will supply full information. An official statement declares tonight that the settlement satisfies all section of opinion represented in the government and emphasizes the sole reason for the secret session of parliament is to supply confidential information to the members.

of the city of Macomb to be illegal inasmuch as she was elected by women's votes. The court held the office to be a constitutional one, for which women are not entitled to ballot. The court instructed the circuit clerk of McDonough county to find Dean Franklin elected.

Justices Cartwright, Carter and Dunn dissented.

The supreme court today handed down a decision which makes a widow's award subject to the operation of the inheritance tax revolution. The case is that of the People vs. Holmes Forsythe of Chicago who left his entire estate to his widow, amounting to \$432,000. The widow's award was \$15,000 against which the county court of Cook county assessed an inheritance tax of one percent. The executors took an appeal to the supreme court.

FUNERALS

Johnson

The funeral services for Thomas M. Johnson, father of Andrew J. Johnson of Murrayville, were held from the Missionary Baptist church at Barrow Thursday morning at 10 o'clock. The Rev. T. N. Marsh of Upper Alton was in charge and burial was made in Edwards cemetery.

Mr. Johnson passed away Tuesday evening at 6:10 o'clock, aged 92 years, 3 months and 24 days, and for many years had been a prominent resident of the Roodhouse vicinity. He was born in Kentucky but came to Greene county at an early age. Besides Mr. Johnson of Murrayville, the children surviving are Perry Johnson of Indianapolis, Ind., Mrs. Della Hanks of Cortez, Colo., Misses Clara and Nellie at home, and Mrs. Amy Flesler of Scott county.

Lorton

John Lorton of Roodhouse, an uncle of Mrs. Roy Eyre of Davenport street, passed away at his home at 12 o'clock Wednesday morning, age 57 years, 7 months and 18 days. He is survived by his widow. Mr. Lorton was for many years a well known business man of Roodhouse until beset by failing health. He has lately been engaged in the real estate and insurance business and was at the time of his death a justice of the peace. Funeral services were conducted from the home at 1 o'clock Thursday afternoon and burial was Barrow.

Koenig

Brief funeral services were held Thursday afternoon for John Edward Koenig, infant son of Mrs. Katie Cosgriff Koenig and John Koenig. The child was born three weeks ago and death was the result of heart trouble and a throat affection. The mother is the only one of a family of four left, the others having all died within a year. Interment was in Calvary cemetery.

SOCIAL EVENTS

Sinclair Country Club Had Interesting Session

The Sinclair Country club held a meeting with Mrs. Thomas Brown Wednesday with practically all members in attendance. The program proved very interesting and the refreshments served added to the social pleasure of the occasion. Among visitors were Mrs. Thomas Hopper of Harrisonville, Mo., Mrs. Walter Wheeler and Mrs. Dan Ward. The next meeting of the club will be at the home of Mrs. Henry Daurbard.

Tooth Loose? Watch out for Pyorrhea!

When you find a tooth that gives back and forth even just a little, see your dentist at once

He will find conditions which you might overlook. He will find a gum recession, even though slight, where the gums have pulled away from the teeth. And he will tell you that you have the dread disease pyorrhea.

From pyorrhea come by far the greater part of all tooth troubles. Unless treated and checked, it will result not only in the shrinking and malformation of your gums and of the bony structure into which your teeth are set, but in the loss of the teeth themselves.

A specific for pyorrhea has been discovered recently by dental science, and is now offered for daily treatment in Senreco Tooth Paste. Senreco combats the germ of the disease. Its regular use insures your teeth against the attack or further progress of pyorrhea.

But Senreco does more. It cleanses the teeth delightfully. It gives them a whiteness distinctive of Senreco alone. Its flavor is entirely pleasing, and it leaves in the mouth a wonderful sense of coolness and wholesomeness.

Start the Senreco treatment before pyorrhea grips you for good. Details in folder with every tube. A two-ounce tube for 25c is sufficient for 6 weeks' daily treatment. Get Senreco of your druggist today; or send 4c in stamps or coin for sample tube and folder. Address: The Sentinal Remedies Company 503 Union Central Building, Cincinnati, Ohio.

TRINIDAD SCHOOL HAS CLOSED SUCCESSFUL YEAR

E. M. Vasconcellos Has Been Teacher There for Twenty-seven Terms.

One of the flourishing schools in Morgan county is Trinidad district No. 62. For 27 terms E. M. Vasconcellos has been the acceptable and successful teacher and his work has given very general satisfaction as he is progressive and believes in keeping up with the times and adopting all that is good and useful.

Wednesday was the last day of this school and the feature of the occasion was a play entitled "A Day at Happy Hollow School." Miss Unanita Fernandes capably took the part of teacher and the following pupils were in the cast: Nettie De Frates, Idella DeFrates, Emily Menezes, Otto Souza, Madeline DeFrates, Rosie Souza, Adeline Nunes, Robert Menezes, Werner Souza, Homer Nunes, Harry Birdsell, Oliver Nunes, and Bertha Sieber.

The play is a very humorous production and calls for a good degree of talent in its presentation and the children were fully able for the occasion and acquitted themselves with great credit.

In addition to the play a number of songs were sung by the school and as a whole the affair was a great success and much enjoyed by the large audience.

Among the visitors present were Misses Stella Bringle, Emma Dean Fernandes, William Menezes, Harriet Coffman, Violet Vieira and Nelson DeFrates.

VOLLEY BALL GAMES AT Y. M. C. A. SATURDAY

Last of Series to be Played—Shield For Winning Team.

The last of the series of Volley ball tests will be held Saturday night April 22, at Y. M. C. A. Gymnasium when the Insurgents will line up against the Rebels for a series of five games. The teams were chosen yesterday and an effort was made to get the teams as evenly matched as possible, insuring some good games. The Physical Department Committee has ordered a special shield, which will be given the winning team, and as both teams are already claiming the shield there ought to be some mighty fine Volley ball played. The admission will be free and the public is most cordially invited. The line up of the teams is as follows: Insurgents, E. Hopper, Capt., A. C. Metcalf, H. J. Rodgers, Jr., E. M. Johnston W. Bellatti, H. A. Brewer; the Rebels: M. Osborne, Capt., R. Y. Rowe, W. Ayers, J. Butler, L. Cooney, E. Pond.

ST. JOSEPH SCHOOL BOARD DICTATES GRADUATION PLAN

A lady remarking on the expense attending the graduation of a young lady at a public or private school remarked yesterday that they have a better way of arranging things in St. Joseph, Mo. There the school board dictates the material of which the dresses of the girls may be made and selects some comparatively inexpensive material but does not dictate the style in which it may be made up so that the daughter of the poor man shines just as brightly as the child of the wealthy. Nor is this all for lest the friends of the favored girls may want to shower flowers extravagantly on them the board buys flowers for all the members of the class and no others may be used. There is lots of common sense in this arrangement at any rate even if it may seem a little drastic. The matter of the graduating dress is one which causes great anxiety and trouble in many cases.

STATION AT EAST HANNIBAL AID TO WABASH PASSENGERS

The Wabash railroad will, in the near future, erect a new and commodious passenger depot at East Hannibal.

The building will be for the accommodation of passengers traveling between two points in that state so that they will not have to cross the Mississippi river at Hannibal and thus become interstate passengers, subject to the interstate rate. For instance, if a passenger from Fall Creek wants to travel to Barry he boards the train, travels to East Hannibal, gets off the train and waits until it makes the trip over to Hannibal when he again boards the train and completes his journey—in other words the station just east of the bridge will become a junction point for passengers from one Illinois town to another. This will save them some money as the Illinois rate is 2 cents a mile and the interstate rate is 2.4 cents per mile.

EPISCOPALIAN OF LOCAL DIOCESE MEET MAY 10

Plans have been completed for the holding of the annual synod of the diocese of Springfield of the Episcopal church. The opening session will be held at 10 o'clock Wednesday morning, May 10, in St. Paul's Episcopal church. With the Rt. Rev. Edward W. Osborne, bishop of Springfield, as celebrant, the session will begin with a choral celebration of the Holy Eucharist. The Rev. Johannes Rockstroh, rector of the Holy Trinity church of Danville, will preach the annual sermon.

Business session will follow the preaching of the annual sermon, these to be held in St. Paul's parish house.

MORGAN COUNTY TEACHERS MEET IN SPRING INSTITUTE

A. L. Snyder Delivered Address on Philippines Conditions—Study Helps for Pupils Considered.

About 300 Morgan county school teachers are in attendance at the annual institute which began a two days' session Thursday. The opening session was held yesterday morning when A. L. Snyder, secretary of the Y. M. C. A., delivered an address on the Philippines. Mr. Snyder was a resident of the islands for a considerable period and is therefore able to speak from personal experience and observation. Music by the Treble Clef club was also a feature of the morning program.

The Morgan county teachers' association met Thursday morning in the auditorium of the David Prince building with President Prof. T. P. Carter in the chair. After an invocation by Rev. W. E. Spoonstons three songs, "Bird of the Azure Wing," "The Blacksmith" and "Peace," were finely sung by the sixth grade chorus under the direction of Miss Ailsie Goodrock after which came the chief address of the morning by Alvan L. Snyder, secretary of the Y. M. C. A. on "Work in the Philippines."

Mr. Snyder talked particularly about the independence of the islands and his position was strongly against it. He said in part: "No nation has an inalienable right to a territory simply because they live on it. Our own people displaced the aborigines who were well high lumberers of the soil. I consider it the moral duty of the United States to take possession of Mexico and administer a stable government down there. The islands occupy a territory practically 1,200 miles north and south by 750 east and west. They are 3,243 in number and have a population of about 8,000,000. The aboriginal occupants are a very diminutive race of people and are well nigh extinct. They live in the most primitive and rude fashion moving from place to place as the presence of game requires."

The Coming of the Malays.

"The next comers were the Malays from adjacent territory and the half million of these have been pushed into the mountains by the seven and a half million who have followed. There are 68 tribes and dialects and different tribes are jealous of each other and feuds exist among them. A territorial governor killed a man, was arrested, condemned to imprisonment, got out on bail, raised an insurrection intending to kill all the whites in the province. His plot was discovered and the whites asked the mountain tribes to come down and help whip the insurgents. They came thirsting for blood and could only be appeased by a big feast."

"The Moros of the plains have been won by kindness and declare they will never be ruled by the other tribes or be a part of a nation with them."

"The economic reasons against independence are great. In a tropical country living is easily made and money is scarce and it would be with great difficulty that sufficient funds would be secured for the conduct of the government."

"There is no national spirit. For 375 years the islands were ruled by Spain and the people were kept in ignorance that they might be more easily handled. The Spanish officials were a set of gigantic grafters and the only ones now at all educated and capable of managing affairs are these grafters and those educated by them and they tell us how foolish we are to educate the people as we are doing. The islands will not be ready for self government till these people are dead or gone away and the young of today educated to rule the land. A grand work in education is being done but it is only begun."

U. S. Has Moral Obligation.

The United States has a moral obligation to maintain control of the islands till the 68 languages are merged into the English tongue and the people are in a measure prepared to govern themselves. It is only the would be grafters and men of the old regime who want independence; the rest know better. Other nations would soon have possession of the islands if they were left to themselves and their condition would be deplorable."

The Treble Clef club sang very acceptably and then came a play given by the speaking department of the high school under the direction of Miss Marie Scott and was greatly enjoyed.

Study Aids for Pupils.

In the afternoon Prof. H. V. Stearns of the College of Music played sonata of Liszt and the etude in B flat. Then Miss Millicent Rowe gave as readings selections from "The Taming of the Shrew" and "The Barrel Organ" by Alfred Noyes. The address of the afternoon was given by Prof. Joseph C. Brown of the University of Illinois. His theme was "Study Helps for Pupils." Thirty-seven different means of aid were enumerated and each one was elaborated upon briefly. The speaker gave certain evidence of experience in teaching work. Among the important points emphasized was that of having regular hours for study and a stated sequence of hours for each subject. The need of sufficient sleep and exercise was emphasized and pupils were urged not to attempt to study when the brain is fatigued. Certain external conditions are favorable for study, a room which is quiet and free from distractions, with light properly placed, and a temperature from 65 to 68 degrees is advisable. The desk or table and the chair should be so placed that one may work in a natural position. Loose clothing,

NO SATISFACTION.

"I want to inform you," said Stonebraker, "that your hens are doing great damage to my garden. Last week I planted some expensive marrowfat peas, that I imported from England, and those hens scratched them all up and ate them."

"Don't let it worry you for a minute," replied Pennypacker, reassuringly. "My hens are perfectly sound and well, and I don't suppose for a minute that imported peas will injure them. Your solicitude shows you have a kind heart, but you need feel no anxiety. The hens are feeling fine, and if the peas were going to do them any harm, they would be showing symptoms by this time. Scratching the peas out of the ground was just the exercise the fowls needed. I have always contended that they are better off for having to earn their living."

"Some people keep up their chickens and feed them, but this plan is contrary to the designs of nature. If there is one incontrovertible fact about a hen, it is that nature intended her to scratch for her living, and I think it cruelty to keep her confined in a coop or pen, and feed her prepared food. I believe in letting my hens rustle for a living, and as a consequence they are always so hale and husky it's a joy to see them."

"Yes, but you don't seem to catch the point of what I was saying. Those peas came from the Duke of

Axminster's private garden and cost a lot of money. The Duke consented to sell a small quantity of the seed for the benefit of wounded soldiers, and I sent over and got a package. I planted the peas, expecting to have a crop that would astonish the neighborhood, and then your old sway-backed hens came over and scratched them up and devoured them. You should at least offer to pay me for the peas, which cost me over \$3."

"I'm naturally a liberal and free-handed man, Mr. Stonebraker, and I don't haggle over pennies as a general thing, but if you sit down and reflect for a minute you will see the absurdity of your demand. You ask me to pay \$3 for a handful of peas. I can go to the feedstore and buy a large sack of them for half the money. I do not object to my hens eating imported peas once in a long time, but if it comes to a showdown, I'd rather they'd have ordinary feed. If they get the idea in their heads that peas from the Duke of Axminster's gardens are better than the native variety, they'll soon be swelled up with false pride, and won't want to eat screenings or other common fare. Before we talk of any cash settlement, I want to see what effect those peas are going to have on my hens. If the birds get to feeling too gay, I'll have to ask you to make good the damage."

"Talk about gall!" muttered Stonebraker, as he went away.

especially about the neck, is also an advantage.

Libraries Give Aid.

The pupil needs to understand exactly what the assignment of work is and to develop a high degree of concentration. It is a mistake that pupils sometimes make to attempt to memorize material that they do not understand. Familiarity with libraries is an essential and pupils should do all they can before seeking aid from any source. In general it may be stated that in studying, the form of activity that will be demanded when the material is to be used is advisable. For example, conversational German should be studied orally.

Where there are long periods of study there should also be brief periods of relaxation. A pupil who realizes that he is working for himself and not for the teacher, gets the best results. Pupils will find it to advantage to mark their books in such a way that important points may be rapidly reviewed if desired. It is always advantageous too, to read current articles on the general

subject which is being studied.

Altogether the address was one which the teachers found helpful.

SAIR'S SINGLE GIVES CUBS GAME IN ELEVENTH

THIRTY MEN TAKE PART IN THE CONTEST.

Philadelphia Takes Twelve Inning Game From New York—Cardinals Blank Pirates—Boston Defeats Brooklyn.

Chicago, April 20.—A slashing single by Victor Sailer sent over the run today that gave Chicago its opening game on the new north side grounds in an eleven inning battle with Cincinnati, 7 to 6. Thirty men took part in the contest, 15 Cubs and 13 Reds. The Cubs went into the eighth three runs behind and counted two. In the ninth, a single by Flack and a double by Zimmerman tied the score and Williams' double and Sailer's timely single, made after Schulz purposely passed Zimmerman, scored the winning run in the eleventh. The score:

RUN-DOWN WOMEN.

We Have a Remedy That Will Cost You Nothing if It Does not Help You.

Jacksonville women will please realize that we mean just what we say in the above heading. Letters like the following prove the efficiency of Vinol in such cases:

"For the benefit of the other tired women, I want to say that I keep house for seven in my family. I became run-down, all played out, I did not seem to have any life in me and looked badly. I read so much about Vinol I decided to try it and I must say it helped me in every way. It built me up so I felt like a new woman, and my friends said they could see a great change in me." Mrs. John M. Waldron, Saratoga Springs, N. Y.

We recommend Vinol to our customers as the greatest strength creator we know—due to the extractive medicinal elements of fresh cod livers, without oil, combined with peptonate of iron and beef peptonate, all dissolved in a pure medicinal wine. Lee P. Alcott, druggist, Jacksonville, Illinois.—Adv.

FEET AREN'T ACHING OR TIRED NOW—"TIZ"

Use "Tiz" for Tender, Puffed-up, Burning, Calloused Feet and Corns.

"How 'Tiz' does help sore feet."

People who are forced to stand on their feet all day know what sore, tender, sweaty, burning feet mean. They use "Tiz," and "Tiz" cures their feet right up. It keeps feet in perfect condition. "Tiz" is the only remedy in the world that draws out all the poisonous exudations which puff up the feet and cause tender, sore, tired, aching feet. It instantly stops the pains in corns, callouses and bunions. It's simply glorious. Ah! how comfortable your feet feel after using "Tiz." You'll never limp or draw up your face in pain. Your shoes won't tighten and hurt your feet.

Get a 25-cent box of "Tiz" now from any druggist. Just think! A whole year's foot comfort for only 25 cents.—Adv.

MOTHER NATURE MAKES HER GIFT

Compounds in Her Laboratory Ingredients for the Master Medicine, Tanlac.

Of all the ailments that afflict humanity, chronic dyspepsia probably is the most common. Its causes and characterizations are many. Skilled specialists have been unable to cope with this almost universal malady, but Mother Nature, who, after all, is the ideal physician, in combination with skill in chemistry, has compounded in her inexhaustible laboratory a marvelous remedy for this trouble.

A lecturer would use hours to describe the sufferings that dyspepsia brings. Dyspepsia becomes listless, then morose, and melancholy over little things, have whimsical ideas, perhaps "grouchy" is a better word, aside from the nervous physical suffering, and, with appetite gone, sleep fitful, dizzy spells and nausea frequent, life hardly seems worth living.

Tanlac seems to almost instantly check this distressing condition, and to restore a healthy, normal appetite bring good, restful sleep and banish that tired, nervous feeling—in short, to restore the stomach to the habit of doing a full day's work and doing it well.

Tanlac is now being introduced in Jacksonville at the Coover & Shreve drug stores, where it is being explained daily to scores of men and women.—Adv.

Dandruff Soon Ruins The Hair

Girls—if you want plenty of thick,
beautiful, glossy, silky hair, do by all
means get rid of dandruff, for it will
starve your hair and ruin it if you don't.

It doesn't do much good to try to
brush or wash it out. The only sure
way to get rid of dandruff is to dissolve
it, then you destroy it entirely. To do
this, get about four ounces of ordinary
liquid arvon; apply it at night when re-
tiring; use enough to moisten the scalp
and rub it in gently with the finger tips.

By morning, most if not all, of your
dandruff will be gone, and three or four
more applications will completely dis-
solve and entirely destroy every single
sign and trace of it.

You will find, too, that all itching and
digging of the scalp will stop, and your
hair will look and feel a hundred times
better. You can get liquid arvon at any
drug store. It is inexpensive and your
ounce is all you will need, no matter
how much dandruff you have. This
simple remedy never fails.

MERRITT

Miss Kate Huddleston returned to
Manchester Sunday after a visit at
the home of Geo. Hardwick and
wife.

The community is sorry to learn
of the death of Mrs. Hardin Parks,
whose funeral was held Monday at-
ternoon at her residence near Lynn-
ville. Mrs. Parks lived south of Mer-
ritt for a number of years.

The Ladies Aid gave a splendid
entertainment Saturday evening, in
the M. E. Church which was filled
to its capacity. It was one of the
best programs given here for many
years. All present report it more
than worth the price of admission.
The society realized \$19.95 for their
trouble. Under the auspices of the
Booster Class of the M. E. church at
Lynnville they will give the same
entertainment in the town hall at
that place. Admission 10 and 20c.
Everybody should go and enjoy a
good laugh.

Mrs. P. W. Waterfield and daugh-
ter, Frances Helen, came down from
Jacksonville Saturday on a visit.
Mrs. Waterfield assisted with the
music in the Saturday evening en-
tertainment.

Will Hitt, Jr., went to Springfield
Friday to drive home his auto truck
that he purchased from the Inter-
national Harvester Co. His business
is increasing to such an extent that
an auto truck was necessary to cover
his territory for produce trade. Will
carries a line of farming implements
along with his general store and is
pleased with the farmers' patronage.

Norman Campbell went to Bluffs
Thursday evening of last week.

W. L. Breeding returned Monday
from Kentucky, where he went to
attend the funeral of his brother's
wife.

Mrs. Maude Chrisman Branson of

Pocket-Book Preparedness

Is calling upon every man in Illinois to protect the future
independence and security of himself and family. The
only practical way for every wise farmer and investor
to insure against "pocket-book destruction" is to obtain
this spring—

A Fertile Farm in Brown County, South Dakota

Because:

Our South Dakota farms have the "Hold-Up" quality without the
"Hold-Up" price.

They produce everything that has made Illinois farms so high-priced—
including good corn. The annual South Dakota corn crop now exceeds
our famous wheat crop in acreage, yield and value—and THESE FARMS
ARE GROWING MORE, BETTER AND HARDER CORN EVERY YEAR.
Alfalfa, cattle, hogs and dairying have "come into their own." They
are now natural resources which fortify South Dakota farms against
failure.

And Because

The farm that costs you \$200 to \$300 per acre in Illinois can be OWNED
BY YOU in Brown County, South Dakota, for LESS THAN ONE-HALF
THAT FIGURE—for \$40 to \$50 per acre, to be exact.

South Dakota farms that are low in price BUT HIGH IN PRODUCTIVE
VALUE, combined with the lowest taxes in the United States, give the
best and safest opportunity for good returns on your INVESTMENT.

This year's crop promises to be better than ever. Another year like 1915 will
raise the land values \$5 to \$25 per acre. Already values around Aberdeen are
jumping up. You can get your share of this prosperity, this increase in land
values, if you act this spring. Don't wait until next fall. Our agent is planning
a trip now. See him. Arrange to come and look for yourself. The railroads are
offering reduced rates. A square deal to yourself demands quick action.

Remember, you will never get wealthy by paying \$200 to
\$300 in Illinois for the same land that you can get in South
Dakota for \$40 to \$90.

WOMAN GIVEN TWO DAYS

To Make Up Her Mind for
Surgical Operation. She Re-
fused; Cured by Lydia E.
Pinkham's Vegetable
Compound.

Philadelphia, Pa.—“One year ago I
was very sick and I suffered with pains
in my side and back until I nearly went
crazy. I went to different doctors and
they all said I had female trouble and
would not get any relief until I would
be operated on. I had suffered for four
years before this time, but I kept get-
ting worse the more
medicine I took. Every month since I
was a young girl I had suffered with
cramps in my sides at periods and was
never regular. I saw your advertise-
ment in the newspaper and the picture
of a woman who had been saved from
an operation and this picture was im-
pressed on my mind. The doctor had
given me only two more days to make
up my mind so I sent my husband to the
drug store at once for a bottle of Lydia
E. Pinkham's Vegetable Compound, and
believe me, I only took four doses be-
fore I felt a change and when I had fin-
ished the third bottle I was cured and
never felt better. I grant you the privi-
lege to publish my letter and am only
too glad to let other women know of my
cure.”—Mrs. THOS. MCGONIGAL, 3432

LIBERAL OFFERINGS HAVE
DEPRESSING INFLUENCE ON HOGS

WHEAT DEVELOPS STRENGTH AS RESULT OF HEAVY STORMS

Market Closes Steadily at 1/2 to 1 1/2
Cents Net Advance—Corn Is De-
pressed by Active Selling.

Chicago, April 26.—Crop condi-
tions instead of the submarine in-
sue took precedence today in shaping
the course of the wheat market.
Largely as a result of heavy storms
in the northwest, prices developed
considerable strength and closed
steady at 1/2 to 1 1/2c net advance, with
May at \$1.14 1/2 and July at \$1.13 1/2.
Corn lost 1/4c to 1/2c; oats finished
unchanged to 1/2c down, and pro-
visions carrying from 2 1/2c to 5c de-
cline to a raise of 5c.

Bullish reports regarding crops in
the winter wheat belt tended materi-
ally to uphold prices during the last
part of the session notwithstanding
late downturns in Wall street quo-
tations. A leading authority said
abandoned acreage in the soft winter
wheat states would be extremely
heavy. The official Illinois report
gave the percentage condition in the
state as only 63, and estimated that
40 per cent of the acreage seeded
last fall had been winter killed.

Corn was depressed by active sell-
ing on the part of several prominent
speculators who recently had been
conspicuous as bulls.

Oats were governed mainly by
corn. There was some selling on
account of the excellent conditions
generally for seeded oats.

Provisions kept within a narrow
range. Lower quotations on hogs
eased the market for a while, but
later the tendency was upgrade owing
to a scarcity in the offerings of
lard.

The Penalty for
a Good Reputation

When an article has been on the
market for years and has given com-
plete satisfaction when used in
thousands of homes it creates for
itself a valuable reputation, yet at
the same time this good reputation
has its penalty.

Poley's Honey and Tar Compound
enjoys a splendid reputation, for it
has been used for three generations.
Its fair name and high repute have
created a demand for it, and to sup-
ply this demand at a greater profit
imitations and substitutes are offered.

Purchasers who know the original
cannot be fooled by any "just as
good" offering and it is worth the
effort of any one who wants a reliable
cough syrup to insist upon the origi-
nal and genuine Poley's Honey and
Tar compound, which has proven so
valuable for the relief of coughs,
colds, croup and whooping cough.

STATE NEWS NOTES.

Co-operative Work.—Farmers near Palmer gave an example the other day of what co-operative work can accomplish. Fifteen men assembled on the farm of A. E. Curbey, a neighbor who has been ill and in two hours' time prepared the ground and planted twenty acres of oats. In this work they used 57 head of horses, 8 discs, 4 harrows and 3 seeders. The sick man is a member of the Odd Fellow lodge and the plan was determined upon at a recent meeting.

Propose New Signals for Wabash.—A big improvement has just been determined upon by the signal department of the Wabash. Clear signal lights on the system will be changed from white to green as an additional safety measure, and to bring the system to accord with the plans used by other big roads. The order when made will call for the changing of at least 5,000 lamps. The present danger signal is red crossing signal yellow, and the clear signal white. When a globe is discolored or a lens broken it sometimes happens that a clear signal is given without intent and confusion and damage follow.

President Felmley on Morals Board.—President David Felmley of Illinois State Normal university, who has frequently addressed teachers' gatherings in Jacksonville, has been named as one of the six authors of a code of morals to be used by the children of the United States. It is proposed by this co-operative work to formulate a practical system of rules which will tend to the better conduct of children while in school and make them better citizens later on. The appointments to the board are made by the national institution for moral instruction at Washington, D. C.

To Dedicate Pythian Home in June.—The Knights of Pythias old folks' home at Decatur will be dedicated June 11 with impressive ceremonies. Brigham S. Young, supreme chancellor of the Pythian order, whose home is in Ada, Ohio, will deliver the principal address. The speakers' program shows the names of a large number of prominent in the order.

Valuable Heirlooms Burn.—The home of C. O. Matheny in Springfield was greatly damaged by fire Wednesday and the loss is fixed at \$8,000. In addition to the damage to the physical property, the fire resulted in the loss of a great many heirlooms which are held in priceless value by the family.

Strict Liquor Ordinance for Carlville.—At Carlville the city council is preparing an ordinance governing the sale of liquor which is much more stringent than has been true in the past. The license fee is fixed at \$500 and no license money may be paid for more than three months in advance. The mayor is vested with full power to refuse or revoke a license. No music, card games or billiard tables are to be allowed and only one screen six feet wide. The Sunday closing rule must be strictly obeyed.

ORGANIZE BASEBALL.

CLUB AT FRANKLIN.—A baseball club has been organized at Franklin for the coming season and the opening game will be played at Franklin April 30. The visiting team has not yet been decided upon, although three or four teams have asked for the date. Announcement of the team will be made next week. The line-up follows: Hassler or Padgett, pitcher; A. Beerup, c; B. Keyes, 1b; O. Drum, 2b; Olin Hymour, ss; Truiston Stewart, 3b; Shirley, lf; Thomas Brown, cf; Grover Grimsley, rf; Herman Parks and Harry O'Brien, substitute pitchers, and Hembrough substitute fielder. Grover Grimsley has been selected as manager of the team and Burley Keyes field captain.

HULBURD-VREDENBURGH WEDDING.

The wedding of Charles Tilden Hulburd and Mrs. Lutey F. Vredenburg both of Chicago, was solemnized Thursday evening at the home of the bride, 5319 Cornell avenue, Hyde Park. The bride is a daughter of Mrs. Mary F. Pease of Springfield and was divorced from Mr. Vredenburg three years ago after more or less publicity had been given their matrimonial affairs. Mr. Hulburd is a son of O. J. Hulburd, a member of the firm of Hulburd, Warfield & Chandler.

OFF TO GUARD ALASKA

Seattle, Wash., Apr. 20.—The Coast Guard cutter Unalga is off today for the Alaskan coast, where its eagle eye will guard the summer shippings from dangerous fogs and wrecks. The Unalga will spend some time at Unimak pass, where she will be ready to render aid to the cannery fleet.

The cutter Manning will sail about May 1 for Bering Sea, where she will do patrol work and make observations for the government. The third Pacific cutter, the McCulloch, will sail May 15 from Seattle, taking the United States Court on its annual cruise to hear cases along the Western coast of Alaska.

WOMEN IN THE NEWS.

Helena, Mont.—The women are among the candidates to be voted for tomorrow at Montana's first primary under the presidential preferential law. On the Democratic ticket for delegate to the St. Louis convention is Mrs. E. L. Houston, a clubwoman of Bozeman. The Republican women are represented on that ticket by Mrs. Louis Lusk, wife of a Missoula banker, and for delegate to the Progressive convention at Chicago Mrs. Pearl I. Smith of Dillon is a candidate.

New Orleans.—One of the greatest meetings of Southern women ever held comes to a close here today. It is the Conference of Southern Women, held in connection with the Southern Conference for Education and Industry. The principal development of the big conference was the launching of a movement to elevate woman's sphere of work, to turn wasted hours and wasted material into an asset by intelligent industry. Weaving, pottery making, nut growing, horticulture and basket-making were all urged as arts that bring usefulness and financial reward.

San Francisco.—The first woman secretary of a California state commission is Miss Josephine Patton of the Water Commission. She has won distinction among the engineers and irrigationists of the West by her handling of some of the biggest water problems in this state. She started as a clerk in the Iowa Legislature, and was later private secretary to a Congressman. While in Washington she studied water problems. She was connected with the federal forest service before coming to California.

Philadelphia.—Mrs. Cornelius Stevenson, who writes under the name of "Peggy Shipper," has been significantly honored by the French government. She has received the insignia of Officer of Public Instruction, the highest degree of the academic order founded by Napoleon to reward intellectual and artistic services. Mrs. Stevenson is chairman of the French War Relief Committee, in this city, which has sent over \$200,000 in money and supplies to the relief of war sufferers. She is a popular writer on the Philadelphia Public Ledger.

St. Louis.—St. Louis society is welcoming home Lady Wilfred Peck, the former Edwina Thornburgh of St. Louis, who has come to visit her mother, Mrs. William C. Stribling, and to regain her health. Sir Wilfred is a captain in the relief expedition now fighting in Mesopotamia against heavy odds of Turks and Kurds. Their home in Levenshure is now a war hospital, and the former St. Louis girl has directed the work of caring for the wounded soldiers there.

Baltimore.—Baltimore and Washington is preparing a royal welcome for the daring young aviator, Theodore Marburg, Jr., son of the former American diplomat, who has dis-

Royal Flying Corps, and is bringing distinguished himself in the British home a bride from ill-fated Belgium. The bride is Baroness Geselle de Javaria, one of the most beautiful women of the Belgian nobility, and it is said their romance began when young Marburg lived in Brussels, where his father was American ambassador. Young Marburg has been seriously injured in service, and while recovering, he received condolences from the Baroness. They became engaged and were married last week in England.

Sunbury, Pa.—Miss Viola Kleckner of this city is on the last stretch of her 7,000 mile journey to Alaska to wed a man she never saw. She set out on April 10th alone for Seward, Alaska, where she will become the bride of James M. Foley, a mining engineer. They met only thru correspondence, exchanged photographs, and he proposed. Miss Kleckner is now aboard ship, sailing from Seattle to Alaska, and she has no fears for the future, for, she says, no man could be insincere and write such letters as she received.

SOUTHERN AGRICULTURISTS

END BIG MEETING
New Orleans, La., Apr. 20.—Carl S. Vrooman, assistant secretary of the United States Department of Agriculture, is one of the speakers today at the final session of the Southern Agricultural Association. The southern planters have been here all week taking part in the big Southern Conference for Education and Industry. Mr. Vrooman has spent seven years abroad studying social and economic conditions, and has made brilliant contributions to agricultural literature. He has demonstrated what he could do on his own big farms in Illinois and Iowa.

Another prominent speaker at the big conference on agriculture was M. Hubert Desjardins, of Canada, who has had success in development in Quebec.

Miss Lulu Coulton of Murrayville was one of the arrivals in the city yesterday.

SUPREME COURT SAYS THE SCHOOL CHARTER IS ABOLISHED

ACT OF REPEAL BY GENERAL ASSEMBLY IS UPHOLD

Written Finding Will Be Given at Later Date—Decision Means That Jacksonville Schools Will Operate Under General Law—Township Trustees Must Call Early Election—Board of Nine Members and A President to Be Chosen

The Illinois Supreme Court before adjourning the April term Thursday handed down a decision in the Jacksonville school case which declares the law passed by the general assembly last June abolishing the special school charter of Jacksonville, is valid. The order of the court was that mandamus shall issue in the proceedings brought against the commissioners of this township to compel them to call an election for members of the board of education. The written opinion has not been filed but the oral finding was made in order that there may be no further uncertainty as to the local school situation.

By this finding it now becomes the duty of the township trustees, who are William Cawley, Frank Winger and C. E. James, to call an election for president and nine members of the board of education. It is presumed that the trustees will meet at an early date and will take this formal action and give ten days' notice of such an election. Three of the nine members chosen will serve on the board for three years, three for two years and three for one year, and each year thereafter three new members will be elected for a term of three years. The president of the board will serve for one year only.

Case Taken Up By Agreement. It will be remembered that the case was taken to the supreme court by the agreed action of the members of the former board of education, the township trustees and others specially interested in the matter. The only way that a speedy decision could be secured was by mandamus proceedings which could be taken directly to the supreme court. So by agreement the township trustees held a meeting at which they were requested to call an election for members of the board and refused to grant the petition. This put the case into such a shape that mandamus proceedings could be begun to compel them to call the election.

Under the general law the board of education shall have all the powers of school directors, is subject to the same limitations and in addition shall have powers and duties outlined by the law as given below.

One important difference between the powers of the board under the special charter and under the general law is that no school site can be purchased or building erected unless authorized by a vote of the majority of the people.

Board Duties and Powers. The special powers and duties referred to above are as follows: First—To establish and support free schools for not less than six nor more than ten months in each year.

Second—To repair and improve school houses and furnish them with the necessary fixtures, furniture, apparatus, libraries and fuel.

Third—To examine teachers by examinations supplemental to any other examinations, and to employ teachers and fix the amount of their salaries.

Fourth—To establish schools of different grades, to adopt regulations for the admission of pupils into the same, and to assign pupils to the several schools.

Fifth—To buy or lease sites for school houses with the necessary grounds; Provided, however, that it shall not be lawful for such board of education to purchase or locate a school house site, or to purchase, build or move a school house, unless authorized by a majority of all the votes cast at an election called for such purpose in pursuance of a petition signed by not fewer than five hundred legal voters of such district, or by one-fifth of all the legal voters of such district; And, provided, further, that if no locality shall receive a majority of all the votes cast at such election, the board of education may, in their judgment, the public interest requires it proceed to select a suitable school house site; and the site so chosen by them in such case shall be legal and valid the same as if it had been determined by a majority of the votes cast; and said district shall have the right to take the same for the purpose of a school house site, either with or without the owner's consent, by condemnation or otherwise; And, provided, further, that all school house sites heretofore located or selected by boards of education in cases in which at an election duly called and held as herein provided, no site received a majority of the votes cast, are hereby legalized and made valid school house sites in and for the district for which they were so located and selected.

Sixth—To levy a tax to extend schools beyond a period of ten months, in each year, upon a petition of a majority of the voters of the district.

Seventh—To employ a competent superintendent who may be required to act as principal or teacher in such schools.

Eighth—To divide the district into sub-districts, to create new ones, and to alter or consolidate them.

Ninth—To dismiss and remove any teacher, whenever in their opinion he is not qualified to teach, or whenever in their opinion the interests of the school may require it.

Tenth—To apportion the pupils to the several schools.

Eleventh—To appoint a secretary who shall keep a faithful record of all their proceedings.

Twelfth—To prepare and publish annually in some newspaper, or in pamphlet form, a report including the school attendance in the year preceding, the program of studies, the number of persons between the ages of 12 and 21 unable to read and write, and a statement of the receipts and expenditures, with the balance on hand.

Thirteenth—To request the trustees of schools, in writing, to convey any real estate or interest therein used for school purposes, or held in trust for schools.

TOWNSHIP TRUSTEES MUST FIX DISTRICT BOUNDARIES IN 10 DAYS

Election to Come Within Thirty Days Thereafter—M. Dunlap to Handle School Fund

In accordance with the supreme court finding it is now the duty of the township trustees, after having designated Jacksonville as a school district, to call an election for members of the board of education. The law provides that the meeting at which the boundaries of the school district must be fixed shall be held within ten days and that an election must be called within thirty days thereafter. Ten days' notice of the election is necessary, and it will be held on a Saturday date. The trustees have the authority to name the judges and clerks of election and to designate the polling places. It is presumed that the trustees will not act in the matter for a number of days yet and that the boundaries will not be fixed or the election called until after all matters relating thereto have been carefully considered.

It is wholly probable that the boundaries fixed for the school district will be the same as in effect under the old system. It is also likely that the date fixed for the election will not be the earliest possible, since the trustees will recognize that there must be sufficient time for the people to understand that the election is to be held and to give candidates who desire election sufficient time to circulate petitions. In order to have their names on the ballot it is necessary for candidates to circulate petitions very much in the form of those used by candidates taking part in a primary election.

So far as the financial affairs are concerned, the township treasurer, Edward M. Dunlap automatically becomes treasurer of the board of education when elected. The trustees have the naming of the treasurer but have nothing whatever to do with the expenditure of the funds. The funds are held by the treasurer and paid out upon authority of the board of education. The board also determines the amount of money to be levied for school expenses.

CHARLES GIBBS, SR., MARRIED THURSDAY TO MRS. EMMA ROBINSON

Ceremony Performed Thursday Night at Ten O'clock by Rev. Percy Stephens—Will Reside on Mound Farm West of City.

The marriage of Charles Gibbs, Sr., and Mrs. Mary Emma Robinson was solemnized Thursday night at the home of Rev. Percy Stephens on Diamond Court. The ceremony was performed shortly after the service at the First Baptist church.

The bride's home formerly was at Gravel Springs farm and has been at 240 Webster avenue more recently. She is a woman of fine character, held in high regard by the many who know her. Mr. Gibbs was a resident of Scott county as a boy and youth, and fifty years ago moved to Morgan county and has since been rated as one of this county's most substantial citizens. He has conducted extensive farming operations in Scott and Morgan counties and has been a successful farmer and business man all thru the years. His farm a few miles west of Jacksonville on the Mound roads is one of the finest in the county and there he and his bride will at once begin their married life.

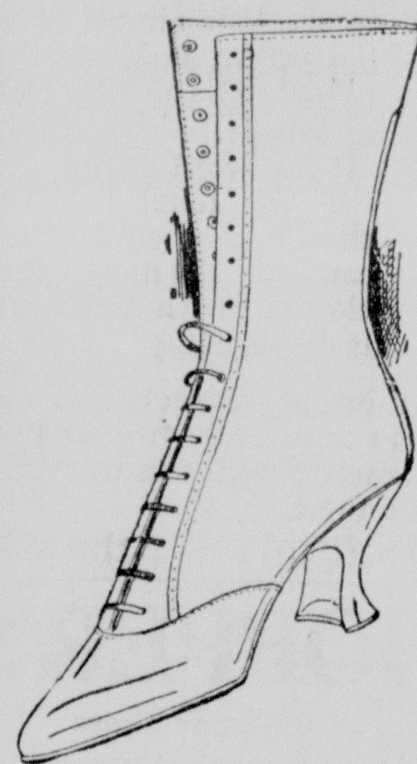

Only immediate relatives of the bride and groom witnessed the ceremony. To most of the friends of the bride and groom the announcement of their marriage will come as a surprise but congratulations will be none the less hearty on that account.

FUNERAL SERVICES HELD THURSDAY FOR THE LATE ROBERT TILTON

Large Gathering of Friends to Honor Memory of Well Known Attorney.

The auditorium of Trinity Episcopal church was completely filled Thursday afternoon for the funeral services of Robert Tilton, late state attorney of Morgan county. The various lodges to which Mr. Tilton belonged and friends from all the walks of life were present to give evidence of their sorrow at his sudden death and their sympathy for his bereaved relatives. Before the remains were taken from the residence on South Kosciusko street, a brief service was held there by Rev. M. L. Pontius. Then with members of the Morgan County Bar association acting as escort, the cortege moved to Trinity church. The impressive funeral service of the church was read by the rector, Rev. J. F. Langton. The choir chanted the 39th and 90th Psalms with Miss Rose Bellatti presiding at the organ. Mrs. Andrew Russell sang, "One Sweetly Solemn Thought."

Mr. Tilton had been a member of Urania Lodge No. 243, Knights of Pythias, Modern Woodmen camp No. 212, Redmen and Elks, and all of these lodges were represented. A large number of Odd Fellows met at the hall and marched to the home and accompanied the funeral party to the church. At Jacksonville cemetery, where burial took place, Urania lodge was in charge.

The floral offerings were of unusual beauty among them being, a crescent of carnations from the D. O. K. K., pillow of carnations from Delaware Tribe No. 78 I. O. R. M., basket of lilies from the Morgan County Bar Association, blanket of roses from employees of the court house, an ax from Camp No. 912 M. W. A., blanket of white roses from Jacksonville Lodge No. 682 B. P. O. E., blanket of red roses from Gallaudet club, of which the brother of the deceased, W. I. Tilton is a member, large spray of lilies from Urania Lodge No. 243 which was placed on the casket. In addition there were many bouquets of cut flowers. These were cared for by Mrs. George T. Douglas, Mrs. Matthew Miller, Misses Josephine Pyatt and Nora Dunlap.

At the conclusion of the services the remains were conveyed to Jacksonville cemetery for interment and the services of the Odd Fellows was carried out. The bearers were: Ralph Crabtree, Carl H. Weber, Walter W. Wright, Stansfield Baldwin, E. J. Rawling and George H. Hinton.

HISTORIC KILN DISCOVERED

St. Louis, Mo., April 20.—Dr. H. M. Whelpley, chairman of the archaeological committee of the Missouri Historical Society, has announced the discovery of an old kiln, containing many pieces of pottery, on the side of a hill here.

The pottery is much like that which the Indians made, but Dr. Whelpley thinks it is the work of early white settlers. The kiln, which apparently was built by white men, was shaped like a bee-hive and had a diameter of about four feet.

The kiln was unearthed by Joseph H. Vurst, of St. Genevieve, who was excavating for an addition to his home. He will build a shelter over the kiln and preserve it.

FAMILY OF FOUR BAPTIZED AT OPENING OF REVIVAL SERVICE

The Rev. Percy W. Stephens Speaks on "The Devil at Supper" at First Baptist Church—Mission Worker Heard in Brief Address.

At the opening of the service at First Baptist church last night, a family of four were baptized. A father, mother and two sons stood in the baptismal waters together. At the close of the service, three others came forward.

Mrs. Shirk of Chicago, honorary secretary of the American Woman's Baptist Foreign Missionary society for Illinois, spoke about the work she had witnessed in India.

At the close of the service Miss Duncan sang to a new setting, "Just As I Am," and the choir gave "Clinging Close to His Hand."

There was a large audience present and Mr. Stephens spoke on "The Devil at Supper." He pointed out from the betrayal of Christ by Judas, that the devil is no respecter of places. He is no respecter of persons, nor of methods. Neither is he a respecter of consequences. The devil is spoken of in the Bible as the dragon, to show his malice; as a serpent, to show his subtlety; as a lion, to show his strength.

The subject tonight will be "The Three Crosses of Cavalry, Their Meaning and Messages." At the opening of the service Mrs. S. C. Fulmer of Indianapolis, a prominent speaker, will make a short address.

SHORTER YEAR AT SCHOOL FOR DEAF

When announcement was made a few weeks ago that the state board of administration had determined to cut down expense at the school for the deaf it was said to be a part of the plan to reduce the length of the school year. Now comes the information that the board has definitely determined upon this plan, and that the school will close in June, two weeks earlier than formerly, and that the opening date will be two weeks later. This will result in saving a considerable sum to the state in the matter of salaries paid to teachers and certain of the employees.

LENTEN REVIVAL SERVICES AT BROOKLYN CHURCH.

Special music at the Brooklyn M. E. church revival Thursday night included a solo by W. S. Lorton and a duet number by Mrs. J. W. Moon and Miss Ora Theobald. There were three conversions. "The Unanswerable Question," from Hebrews 2-3, was the theme of the strong discussion by the pastor, the Rev. W. W. Teobald. "How shall we escape if we neglect so great salvation?" said he in taking his text. Tonight the subject of the sermon will be "Who cares if I am not saved?" and some special music has also been provided for this number of the Lenten revival series.

CONCERT PROGRAM GIVEN FOR MORGAN COUNTY TEACHERS

Conservatory Faculty Heard in Splendid Program—Five O'clock Luncheon Followed With Program of Toasts.

Thursday evening at 8 o'clock the faculty of Illinois College Conservatory of Music gave a complimentary concert in the school auditorium for the Morgan County Teachers' institute. The program was one of great variety. Those appearing were William E. Kritch, director of the Conservatory and violinist; Miss Ruth Duncan, pianist; Miss Carrie Dunlap, violinist; Miss Rebecca Scheibel, soprano; Mr. Paul C. Beebe, cellist; Mr. Dean Cochran, violinist and violinist; and Mr. Edmund Munger, pianist. This program marked Miss Duncan's first appearance in formal solo work. It was Mr. Beebe's second appearance and Mr. Cochran's first program as a faculty member.

A noteworthy feature was the "String Quartet in B flat minor, Op. 10," an original composition of Mr. Kritch, not yet published. Especially pleasing was the scherzo movement, the whole was excellently done.

Mr. Cochran did unusually well. He showed unusual poise and played with true artistic feeling. Miss Scheibel's work was up to her standard of merit and especially good was her third song, "Rapture," by Cowdell. Miss Duncan showed high interpretive power and a keen sense of rhythm. Mr. Beebe played with a fine expression, a melody composed by Mr. Kritch and a mazurka by Popper. The selection for two pianos from Saint-Saens showed ensemble work well high perfect and was received with enthusiastic applause.

Program Followed Luncheon.

A program of interest followed the 5 o'clock luncheon at Central Christian church. T. P. Carter, president of the association, acted in able manner as toastmaster. The invocation was offered by the Rev. M. L. Pontius, pastor of the church. Bernard Allen of Chapin sang, after which Mayor H. J. Rodgers was heard in a brief address of welcome. Miss Mary Sullivan of Woodson gave a reading as did Miss Grace A. Roberts of Waverly sang, to accompaniment of Miss Grace Wood. Mrs. Paul Allyn of Waverly appeared with a pleasing reading. An address, "The Larger Teaching," by Rev. Mr. Pontius was followed by a musical program by the Short family of Murfreesboro. A quartet number and solo were given, followed by a duet, "Tell Me Truly," by Floyd and Lucille Short.

Mr. Pontius spoke of the power which every teacher possesses to mold and develop the personality of the pupil under her care and his remarks were heard with undivided interest.

A. & J. ELECTRIC LINE MAY BE EXTENDED TO JACKSONVILLE

Permit Given By Public Utilities Commission to Seek Loan Revives Rumor of More Trackage to North

The Jerseyville Republican thus revives the ancient fable that the A. & J. electric line is likely to be extended from Jerseyville to Jacksonville.

"The fact that the state public utilities commission has granted the A. & J. railroad the privilege of negotiating a two million dollar loan and that six high officials of the Alton, Granite City & St. Louis Traction railway made a trip of inspection over the Alton & Jacksonville electric railroad Monday excites discussion as to the probability of the interurban line from Alton to Jerseyville being extended to Jacksonville.

"While nothing is given out officially it is stated upon good authority that plans are being made to continue the tracks to Jacksonville through Carrollton, White Hall and other cities between here and there. "Numbered among the six officials who made the trip over the A. & J. railway Monday were General Superintendent Myers of the Great East Side line and General Superintendent L. K. Landis of the A. & J. "With a line from Alton to Jacksonville through Jerseyville and the proposed electric line from Jerseyville to Hardin through Fieldon and Nutwood, Jerseyville merchants will begin to look around for more help to take care of the increasing trade.
